CO2	Water	Foam	Powder	Fire Blanket

Storage

Store in original container. Store in a cool area. Store in a dry area.
 Avoid contact with eyes. Use personal protective equipment as required. Do not eat, drink or smoke when using this product. Do not handle until all safety precautions have been read and understood.

Environment

Spillages – Method for cleaning up
 Avoid ending up down the drain after use. Prevent soil and water pollution. Prevent spreading in sewers.

Small quantities of liquid spill: take up in non-combustible absorbent material and shovel into container for disposal.

Large spills: contain released substance, pump into suitable containers.

This material and its container must be disposed of in a safe way, and as per local legislation

For containment : Scoop absorbed substance into closing containers.

Transport: None

Disposal : Avoid Consumer products ending up down the drain after use. Prevent soil and water pollution. Prevent spreading in sewers.

Regional legislation (waste) : Disposal must be done according to official regulations.

13.1.2 Disposal recommendations : The waste codes/waste designations below are in accordance with EWC. Waste must be delivered to an approved waste disposal company. The waste is to be kept separate from other types of waste until its disposal. Do not throw waste product into the sewer. Where possible recycling is preferred to disposal or incineration.

. For handling waste, see measures described in section 7. Empty, uncleaned packaging need the same disposal considerations as filled packaging.

13.1.3 EURAL Waste code product : 20 01 29* - detergents containing dangerous substances
15 01 10* - packaging containing residues of or contaminated by dangerous substances
