

Environmental Policy Statement of Intent

First Choice Facilities Services Limited is committed to ensuring that all supply activities undertaken by the company are carried out with due regard for any potential environmental impact.

In recognising that environmental issues are an integral part of the supply chain process, all First Choice Facilities Services Limited Employees and members of the approved Supply Chain are required to act with due care and consideration for the environment when undertaking all tasks and duties.

First Choice Facilities Services Limited recognizes that works cannot be undertaken without impacting on the environment both positively & negatively, every effort will be taken to minimise the adverse impacts and reduce the companies' carbon footprint so far as reasonably practicable.

First Choice Facilities Services Limited is dedicated to the principles of waste recycling and believes that waste disposal should be avoided so far as possible. Pollution prevention is a priority at all times. If there is any spillage of products, First Choice Facilities Services Limited will endeavor to neutralise any negative impact to the environment.

First Choice Facilities Services Limited Is dedicated to the process of continual environmental improvement and responsibility.

The impacts First Choice Facilities Services Limited has on the environment through its operations will be continually monitored by reviewing their activities on a regular basis.

First Choice Facilities Services Limited will continually monitor and adhere to all relevant regulations, codes of practice and customer requirements.

We will maintain and continually update environmental systems and procedures to ensure that the company complies with legislation and other requirements.

The environmental systems will be monitored by senior management who are advised and supported by our health, safety & environmental consultant; this will be communicated throughout the company, via company notice boards, toolbox talks and via the company induction process.

First Choice Facilities Services Limited will undertake through management, supervision, instruction, practical example and in-house training to ensure that the environmental policy is upheld throughout the organisation and that each employee recognises and agrees to comply with our environmental management policy.

First Choice Facilities Services Limited will maintain clear and tangible plans, allocating resources and responsibilities in order to achieve targets. The Company is committed to ensuring its environmental management systems meet ISO 14001 accreditation requirements and will strive to obtain and maintain formal registration to the ISO 14001 Standard.

First Choice Facilities services Limited will set meaningful targets to continually improve on environmental performance and our environmental management system. The EMS Targets will be **SMART** - **S**pecific, **M**easurable, **A**chievable, **R**ealistic and **T**ime-bound.
