## Environment

Spillages: Avoid spillage into surface water or vegetation.

Small Spillages: Hose away spillage with plenty of water, diluting well unless this would contaminate a water source or vegetation. In which case either collect, dilute and pour down waste drain (foul sewer) or absorb on to dry sand or similar material and Dispose of safely as commercial waste

Large Spillages: Large spills or uncontrolled discharges into rivers or streams must be reported to the Environmental Agency or other Regulatory Body

Transport: None

Disposal : Contact a reputable waste disposal company. National or Regional legislation may cover this product.
